

The Haverford High School Orchestra presents the

Annual Kindergarten Concert

February 6,
2024

1:30 PM -
2:00 PM

Haverford
High School
Auditorium

High School orchestra students will play a short program of several selections and will follow the performance by displaying and demonstrating their instruments for the younger students. This is a great opportunity for these students to experience orchestra music and instruments at an early age.

All School District of Haverford Township afternoon Kindergarten students are invited with their class and teachers. Transportation will be provided by the school district to and from each elementary school.

Morning Kindergarten students, their parents, and younger siblings are also invited, but parents must provide transportation.

Please remember: do not block driveways or park too close to stop signs and/or corners.

Please direct any questions to your school Principal's office
